Subject: CWEA letters supporting SFPUC's biosolids compost give-away program

Dear Mr. Harrington, Mr. Housh, and Mr. Moala:

Please find attached CWEA's letter to SF Mayor Gavin Newsom in support of SFPUC's biosolids compost give-away program and CWEA's letter to the Water Environment Federation (CWEA's affiliated national organization) requesting a biosolids fact sheet for use by municipalities and sanitary districts. Both letters were the result of the good efforts of CWEA's Biosolids Committee.

Regards,
 Elizabeth
